

CITY OF WASHINGTON, ILLINOIS
Public Safety Committee Agenda Communication

Meeting Date: November 14, 2022

Prepared By: Chief McCoy and DC Stevens

Agenda Item: Delivery of alcohol by Class A and B liquor license holders

Explanation: Establishments and businesses in nearby cities are offering to deliver alcohol within the city of Washington. These “out of city establishments” have targeted the City of Washington thru social and newspaper ads. The impact is that outside of Washington businesses are making deliveries of alcohol within Washington....when businesses located in Washington cannot make the deliveries.

Fiscal Impact: Sales Tax

Action Requested: Discussion with the Public Safety Committee to determine if this is a subject that should be brought before the Washington City Council ... to amend, or create, a City Ordinance that would allow Class A and B liquor licensed establishments to deliver alcohol in Washington.
